25X1 MEMORANDUM FOR: [REDACTED]

SUBJECT : Support Career Service Conference

AI:

1. Our highly successful 1971 Support Officers' Conference is over, and we are beginning the process of studying the many ideas and recommendations which came out of our discussions at [REDACTED]

25X1 [REDACTED] The success we achieved was due to many factors, but surely a great deal of credit goes to the excellent preparatory work done by the Agenda Committee. I know that as a member of that body you spent many hours and much effort on the basic planning and then, as we expanded the Committee's role, on the various pieces of correspondence, panel assignments, etc.

2. Committees can be faceless things, but the product of your joint efforts had a quality of which you can all be proud. I wish to thank you personally for having made so significant a contribution to the signal success we achieved [REDACTED]
